Dear James Hansen,

Thank you for your email regarding 202 Street and 86 Avenue, which was forwarded to me for review and follow-up.

We are pleased to inform you that the Township's contractor began work on this project on December 1, 2025, and is currently constructing the ultimate road cross-section along 86 Avenue between 200 Street and 202 Street, as directed by Council. This work includes road widening, new traffic signals at 201 Street and 202 Street, and the installation of bike lanes and/or multi-use pathways to improve pedestrian access. Completion of the project and full opening of the corridor are anticipated this fall.

Thank you for your patience as we complete these important improvements.

Regards,

**Aaron Ruhl | Director, Engineering and Public Works**
